Healthpointe is now offering Blaine Labs products for the prevention of Athletes Foot, warts, fungal infections, psoriasis, eczema, foot pain, and other skin, nail, and foot conditions.

La Mirada, CA (PRWEB) December 29, 2014

Healthpointe is now presenting a variety of Blaine Labs products for the treatment and prevention of Athletes Foot, warts, fungal infections, psoriasis, eczema, foot pain, and other dermatological and podiatric conditions.

For psoriasis and eczema, Healthpointe offers RevitaDERM® and RevitaDERM 40®, which target symptoms such as dryness , discoloration, and pain. These Blaine Labs dermatological products are each specially designed to clinically moisturize and heal the skin, using as their main ingredients aloe vera, tea tree oil, and chamomile. Both products remove redness, flakiness, cracks, and itches, and leave skin feeling soft, soothed, and hydrated.

Other products available at **Healthpointe** include Verucide®, ScarCare®, NeuraVite®, and Tineacide®, for warts, scars, nerves, and Athletes Foot, respectively. Each Blaine Labs product at Healthpointe is the result of years of research and testing. All products have been carefully selected and recommended by physicians to address major skin disorders and provide lasting relief from dermatological symptoms.

Healthpointe is proud to bring all products prescription-free and at affordable costs to their dermatology clinic. For more information and a complete list of the products and their descriptions, visit Healthpointes dermatology site at skindoctor.care.
