Department of Transportation Physicals Now Available at Los Angeles Healthpointe

Healthpointe expands its DOT physical exams to Los Angeles.

La Mirada, CA (PRWEB) September 29, 2015

Healthpointe, one of Southern California’s leading medical groups, is now offering **Department of Transportation (DOT)** physicals at its newest location in La Tijera. The physical, made for all commercial drivers, is now available throughout Los Angeles County, Orange County, San Bernardino County, and Riverside County.

Department of Transportation physical exams are an integral part of the regulations set by the Federal Motor Carrier Safety Administration (FMCSA) and ensure that all commercial drivers have achieved the physical performance necessary to safely operate vehicles. Healthpointe’s **La Tijera** clinic is now offering exams that may identify various hidden mental, physical, and emotional conditions that can be detrimental to a driver’s performance.

Healthpointe’s DOT physical exams consist of a variety of tests including: a vision test, checking for spine deformities, neurological exam, hernia check, blood pressure check, dipstick urinalysis, and a medical and occupational history questionnaire form. Patients who successfully pass the DOT test are allotted a certificate valid for up to two years.

Healthpointe offers DOT physicals by appointment only. For more information on DOT physicals or to make an appointment at the Los Angeles Healthpointe clinic or any other of Healthpointe’s 11 clinics please call (800) 956-2663 or visit <http://www.Healthpointe.net>.
