Health exams for executives available throughout Southern California

La Mirada, Ca (PRWEB) August 27, 2015

Healthpointe clinics are now offering Executive Physicals throughout **Southern California** including Los Angeles, Riverside, San Bernardino, and Orange County.

Designed to accommodate the busy lifestyles and work schedules of executive employees, Healthpointe's executive physical exams are offered annually at all of its locations. Executive Physicals are scheduled so that busy professionals wait very little to no time to be seen. The physicals are presented to employers who wish to keep their key executives in top physical condition. Healthpointe's executive physicals are seen as a practical way for corporations throughout Southern California to provide treatment and testing for their employees in a cost effective manner.

As a **comprehensive exam**, the executive physicals include, but are not limited to, blood work, full body CAT scans, vision and hearing tests, vascular age tests, urinalysis, and heart disease diagnosis. Additional tests and special consultations are available for employees seeking further examination.
